

The Art Lingo Experience

We've been teaching children languages since 1997! Combining our two passions, Art and Language, Petite Maison is proud to offer our Art Lingo Camp. We will be embarking on four weeks of fun, interesting and hands on art projects while polishing up on French or Greek skills. Each week we are off on a new Art Theme. French or Greek is practiced daily followed by the morning art project. Language fun includes music, conversation, stories, bingo, games and much more! Your child will be under the constant care of one or more of our qualified teachers.

Our Studios

Giant art tables dominate the centre of our 2 Art Studios where children are encouraged to come in and create each day. Our daily projects are designed to intrigue young minds while taking into consideration all levels of interest and capabilities. The art projects are set up by the teachers each day and follow the interests of the campers.

Our Senior Studio is open to children ages 5-8 who are interested in learning for the first time or improving their language skills in either French or Greek. Aside from our daily art project and language interaction, children will also enjoy their summer days making new friends, cooling off in local splash pads and wading pools while also playing sports and outdoor camp games. Daily language lessons are done in a fun and interactive way. Language lessons are only for our Senior Group.

Our Junior Studio is open to children ages two and a half to 4 years old. The program is led by our very own experienced teachers who will embark on a new theme each week filled with crafts, music, and loads of fun! Children will be outside in our own safe playground enjoying the many activities set up for them daily including a waterslide, water table, bikes, play structure and an outside garden.
